

MINNESOTA MULTI-PURPOSE STADIUM CONSTRUCTION UPDATE

APRIL 23, 2014

Dear Neighbor,

As you know, the Minnesota Sports Facilities Authority (MSFA) in partnership with the Minnesota Vikings is building a new multi-purpose stadium on the site of the Metrodome. Mortenson/Thor is overseeing construction and is providing neighborhood construction updates on a regular basis.

As you are aware, demolition of the Metrodome is complete.

Excavation will continue through June 2014 and as part of these activities, construction crews will begin driving piles along 5th Street on Thursday, April 24th. This work utilizes a diesel hammer to pound cylinder-shaped pieces of steel into the ground at multiple locations. This work will continue through May 2 between the hours of 7:00am and 6:00pm. During these times, you can expect a continuous pounding to occur, which is normal with this type of work.

We will continue to update the neighborhood on the construction of the Minnesota Multipurpose Stadium. If you have any questions, please do not hesitate to contact me directly.

Regards,

Lynn R. Littlejohn
