

MINNESOTA MULTI-PURPOSE STADIUM CONSTRUCTION UPDATE

APRIL 06, 2015

Dear Neighbor,

The Minnesota Sports Facilities Authority (MSFA) in partnership with the Minnesota Vikings is building a new Multi-Purpose Stadium on the site of the Metrodome. Mortenson/Thor is overseeing construction and is providing neighborhood construction updates on a regular basis.

As you are aware, construction activities are ongoing. This letter is to inform you that construction crews will be driving piles along 11th Avenue on Wednesday, April 8th. This work utilizes a diesel hammer to pound cylinder-shaped pieces of steel into the ground at multiple locations. This work will continue through Wednesday, April 22nd between the hours of 7:00 am and 6:00 pm. During these times, you can expect continuous pounding to occur, which is normal for this type of work.

We will continue to update the neighborhood on the construction of the Minnesota Multi-Purpose Stadium. If you have any questions, please do not hesitate to contact me directly.

Regards,

Lynn R. Littlejohn
Director of Community Affairs
