
DOWNTOWN PUBLIC SAFETY

DOWNTOWN MINNEAPOLIS NEIGHBORHOOD ASSOCIATION (DMNA)

JOE TAMBURINO, CHAIR

1ST PRECINCT INFORMATION

Precinct Headquarters

Location:

19 North 4th Street,
Minneapolis, MN 55401
612-673-5701
Fax 612-370-3900

Headquarters for:

- × Patrol Officers
- × Precinct Investigations
- × Community Response Team
- × Community Crime Prevention/SAFE Teams

The Mounted Patrol and Arson Unit provide citywide services.

Eddie Frizell is currently the Inspector of the 1st Precinct but he is in the process of transitioning to Chief of Police for Metro Transit effective August 5th, 2019.

ALMOST 50,000 PEOPLE NOW CALLING DOWNTOWN MINNEAPOLIS HOME ¹

FEBRUARY 14, 2019

“The 14.5 percent increase from 2017 was the largest year-to-year jump in more than a decade, according to the business association.”

“At Wednesday’s event, leaders also shared last year’s statistics from the Minneapolis Downtown Improvement District. The group’s “ambassadors,” seen around in their bright green and blue uniforms, erased 5,593 graffiti tags, scraped 16,156 pieces of gum and picked up 30,094 bags of trash from downtown streets.”

DOWNTOWN CRIME

New Recipe for Tackling Violent Crime on Hennepin Ave ²

June 9, 2019

“FOCUSED ON BEHAVIOR, NOT STEREOTYPES”

“According to statistics provided by Minneapolis Police, violent crime in west downtown is up 22% so far this year, with 156 cases, including two homicides, 22 rapes, 83 robberies, and 58 aggravated assaults. And where there is money from drugs, there are weapons: 39 guns recovered so far.”

“Crime stats show the hot zone of activity is between 4th and 6th street along Hennepin Avenue, outside the backdoor of the first police precinct. “I call this the heartbeat of criminal activity on Hennepin,” said [Eddie] Frizell. He said his officers are focused like a laser on behavior, not stereotypes. ”

“Officials said people are targeted based on data and behavior. If we are targeting someone who has committed five crimes, that's a totally legit way to think about policing. If we're stopping people because they look like people who would be committing crimes, that's profiling,” [Steve] Fletcher said.”

Keeping a Lid on Minneapolis Crime³

June 14, 2019

“There's been an uptick downtown, and police and city leaders need to respond quickly.”

“City officials and MPD need to move quickly to put more officers on downtown streets and increase their focus efforts on known offenders. They should also expand the community-based preventive efforts that helped bring crime rates down for much of 2018.”

“It's promising that for the 15th consecutive summer, Minneapolis and Metro Transit police and the Hennepin County Sheriff's Office are providing additional officers to respond to street problems and focus on crime hot spots as part of the SafeZone initiative. But it may not be enough.”

DATA DASHBOARDS

Below you will find MPD's data dashboards showing stop information, crime data, arrest data, and use of force. They give people an inside, interactive look at Minneapolis Police Department data. These dashboards are in direct response to community questions about specific calls for service, police self initiated activity, arrests and crime information. The data dashboard shows data from November 2016 going forward.

The dashboards are a work in progress and could change based on input from both the department and community. This is a project Chief Arradondo has been working on with our community for the past couple years. Scroll down for answers to FAQs, definitions, and to watch a video explaining how the data dashboard works.

Scroll down to view the following dashboards:

2017 & 2018 STAR TRIBUNE ARTICLES

Bystander shot at 6th and Hennepin, found in sandwich shop⁴

August 23, 2017

“Police spokeswoman Sgt. Catherine Michal said two men were arguing, and one shot at the other. The gunfire missed and hit the victim in the hip.”

“Cramer, whose council promotes commerce downtown, added that “our community will not tolerate downtown becoming a free-fire zone, period. Any individual who behaves otherwise should count on being quickly apprehended, and feeling the full force of prosecution and sentencing come down on them.”

A new tactic for bar-close safety in Minneapolis: 'Make downtown fun again'⁵

November 3, 2018

“The city placed new restrictions on concert promoter contracts to weed out shows likely to result in violence. It opened up 1st Avenue North, a main drag normally closed off to drivers on weekend nights. It began licensing food trucks for late-night business, and asked police to let people filter out of downtown at their own pace, instead of making them do so all at once.”

“[Steve Fletcher] found cases of promoters falsely advertising a full-length concert when the club only booked an appearance. In others, promoters didn't book adequate

IMPROVEMENT

RECONSTRUCTING HENNEPIN AVENUE

A yearslong reconstruction of Hennepin Avenue in downtown Minneapolis is expected to begin next week. Crews will start with utility work between 7th and 12th streets and will then shift over to 7th and Washington Av. sometime in 2021.

Traffic impacts:

- Single-lane traffic in each direction.
- No bus stops from 12th St. to Washington Av.

Source: City of Minneapolis

JIM FOSTER • Star Tribune

With reconstruction, Minneapolis looks to a safer, more vibrant Hennepin Avenue⁶

April 13, 2019

“The \$23 million reconstruction is the largest project of its kind since Nicollet Mall went through its own makeover earlier this decade. By the time construction wraps up in 2022, the new Hennepin Avenue will have wider sidewalks, trees, protected bike lanes, upgraded utilities and brighter streetlights.”

“Panhandling, street harassment and drunken fights led the city to increase patrols by police officers and ambassadors from the Minneapolis Downtown Improvement District. In the future, Elwood hopes the wider sidewalks and new lighting will also help make for a better pedestrian experience.”

IMPROVEMENT, CONT'D

Helping downtown Minneapolis survive and thrive⁷

July 5, 2019

“Cleaner, greener, safer, livelier, more welcoming to visitors. Those words best describe the ambitions of the improvement district, known as the DID. Begun in July 2009, the DID is a public-private collaboration paid for by extra property taxes levied on businesses within a 120-block zone of the city's core.”

“Despite successes, the DID faces big challenges. Homelessness and its root causes are on display daily. Livability offenses are on the upswing since the city decided in 2015 to officially tolerate (some would say encourage) panhandling, loitering, lurking and spitting as freedoms of expression and assembly. As the police retreated, the DID formed “livability teams” of social workers that try as best they can to coax troubled people off the streets toward proper services.”

PROACTIVITY

Extra patrols start this week in downtown Minneapolis' SafeZone initiative⁸

May 29, 2019

“For the 15th year, Minneapolis and Metro Transit police and the Hennepin County Sheriff's Office are providing additional officers to respond fast to street problems and focus on crime hot spots, said Lt. Mike Jerde of the Sheriff's Office.”

“Police share information with social service street outreach workers and staffers with the Downtown Improvement District, the so-called “ambassadors” funded by commercial property owners. SafeZone, which was launched Memorial Day, runs through Labor Day.”

MINNEAPOLIS POLICE INVESTIGATE SHOOTING INVOLVING PARTY BUS, 2 MEN INJURED⁹

JULY 6, 2019

“According to police, at about 1:20 a.m. Saturday, an officer working off duty reported the sound of shots fired in the area of 7th and Hennepin Avenue. There, officers located a man suffering from a non-life threatening gunshot wound and transported him to the hospital.

Meanwhile, another man was found with a non-life threatening gunshot wound on the 500 block of North 1st Street. He was also transported to the hospital.

Police obtained a suspect description and were able to locate a vehicle involved, which police say was a party bus. Authorities interviewed witnesses and recovered guns from the bus. A juvenile was arrested in connection to the shooting. Police are still investigating the incident.”

IN ADDITION
TO THE TWO
INCIDENTS ON
JULY 6..

Calls for more cops grow as authorities ID man fatally shot in downtown Minneapolis¹⁰

July 8 , 2019

“Sunday's death marked the third homicide in downtown Minneapolis since Memorial Day weekend. A woman was fatally stabbed on May 25. On June 10, a man was shot dead while apparently trying to break up a fight in an alley. A second man was seriously injured in the same shooting.”

“In a statement Sunday afternoon, Mayor Jacob Frey said that he and Police Chief Medaria Arradondo “have made a strong, coordinated response to violent crime a priority. ... Still, as the early summer weeks have made clear, we as city leaders should step up and give our Police Department the resources and staffing it needs to successfully advance police-community relations and effectively curb violent crime.”

HASKELL'S WINE BAR CLOSURES AFTER 18 MONTHS¹¹

JULY 12, 2019

“With years of closures curtailing foot traffic, retail and restaurant business, Nicollet Mall ‘has taken a real beating,’ Farrell said.

Another factor: Panhandlers would approach outdoor diners on the wine bar’s patio, he said, and customers would ‘get up and leave’.”

“We’re of the opinion, if it was anywhere else but where we located it, it might have succeeded.”

CHIEF ARRADONDO WANTS 400 MORE POLICE OFFICERS IN FIRST RESPONDER (911) POSITIONS BY 2025¹²

JULY 18, 2019

- A great need for more officers now. Chief Arradondo asking for 30 new positions in upcoming budget cycle
- Police cannot keep up with the demands for service
- **In 2018, no squads were available to respond to “priority one” 911 calls (assaults, shootings, overdoses, etc.)**
 - **5,525 delayed police**

P1 Response Times to 5 Non-Violent Offenses

Average Time from 'Phone Pickup' to '1st Officer Arrival' in the 1st Precinct

(blank)					
(blank)					
Grand Total		0:27:43	0:29:48	0:28:53	

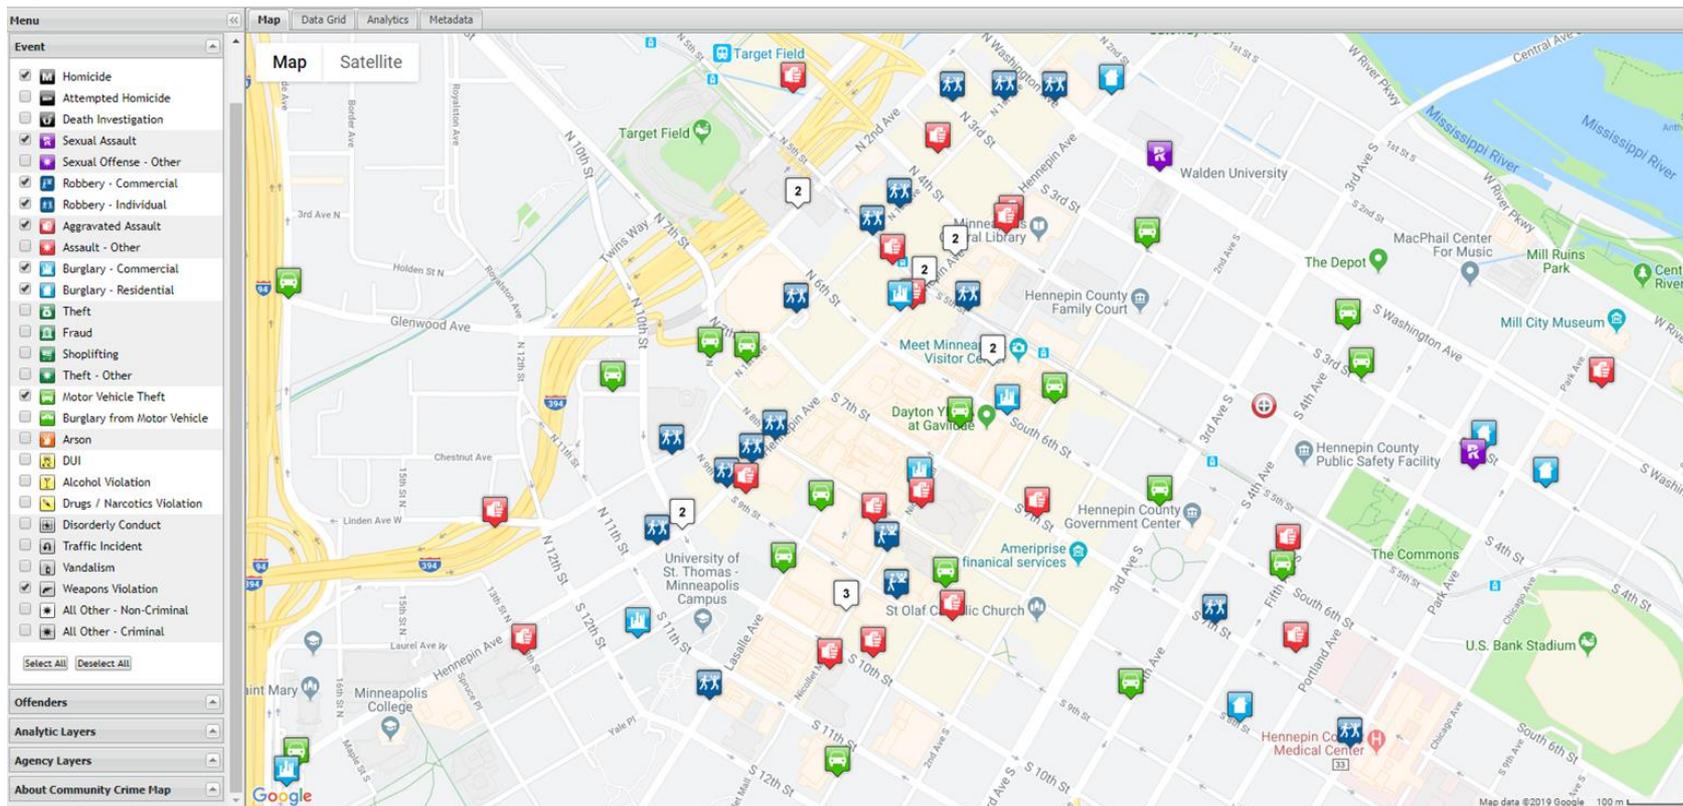

Key Points of Note

-There is a wide variance in priority for these problem nature codes; priority is dictated by MECC

- There are issues with number of instances, such as Priority 2 Drunk/Intoxicated Person calls. There are 2 in 2018 and 1 in 2019

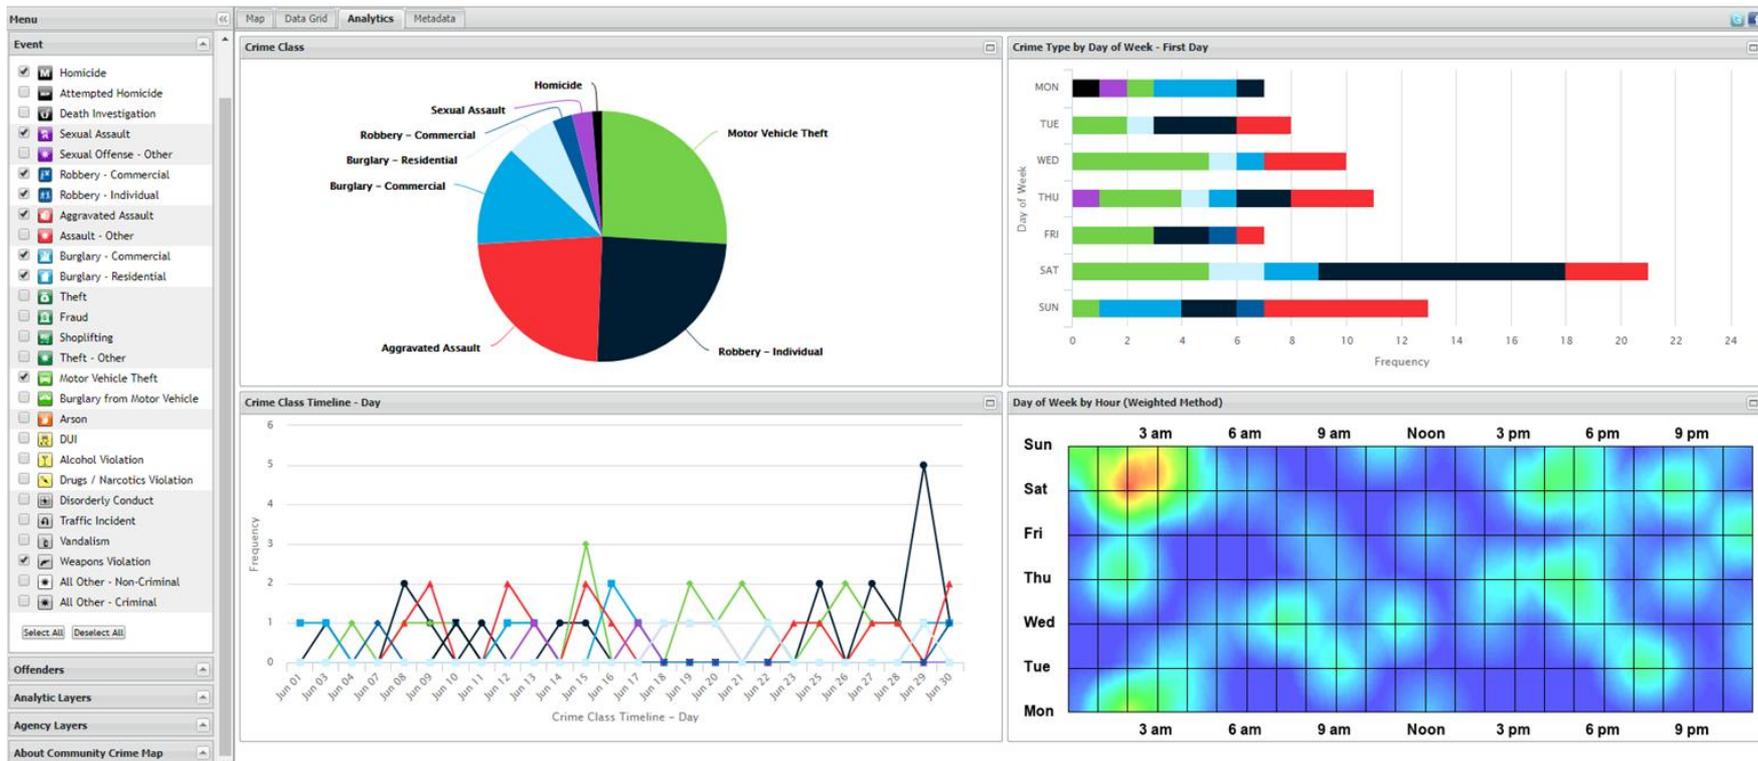

- It would appear that the only problem code with a significant increase in response times is "Theft – Report Only"

RECOVERED GUNS

The approximate breakdown by precinct is as follows (as of July 30, 2019):

- **1st Precinct - 57**
 - The 1st Precinct CRT Team has recovered 36 guns YTD, however, some of those have been recovered in other precincts as a result of investigations that originated out of Downtown
- 2nd Precinct - 56
- 3rd Precinct - 67
- 4th Precinct - 268
- 5th Precinct - 35

TOTAL = **Approximately 483**

1ST PRECINCT STATISTICS

- Authorized Force = 888 (how many licensed peace officers the force is allowed to have right now)
- Current actual number of police officers = 853
 - 1st Precinct (estimate) = 80-90
- Sgt. and Lts. – investigation and supervisory duties.
 - Investigations include: homicide, sex crimes, property crimes, domestic abuse, internal affairs, child abuse, etc.
- Rule of thumb: staffing at 50%

■ Breakdown of actual officers:

853 Officers

- 175 (30%, discretionary officers – various non-first responder duties)
approximately 21 of 175 allotted to 1st Precinct
- 17 (Chief, Asst. Chief, Deputy Chiefs, Inspectors, and Commanders)
- 216 (Sergeants)
- 46 (Lieutenants)

399 Officers

Shift Breakdowns - 1st Precinct

	Strength	Actual (50%)
Day Beat (6:00am-4:00pm)	17	8
Mid (3:30pm-1:30am)	12	6
Power (6:00m-4:00am)	18 (was 21)	9
Dog Watch (8:30pm-6:00am)	15 (was 21)	7
Approximations	62	30
High volume time (2:00am)	43	21

Teams (Discretionary)

CRT (Community Response Team) Sgt. Klund	9
BRRT (Bicycle Rapid Response Team)	1 Sgt, 2 Officers

COMMUNITY SERVICE OFFICERS ¹³

"A Community Service Officer (CSO) works approximately 20-30 hours per week in the Minneapolis Police Department up to three years while enrolled as a student in an approved, two-year law enforcement program and/or working toward completion of MN Peace Officers Standards and Training (POST) licensing requirements. CSO's assist the police department and community by promoting intercommunication, understanding and cooperation between department personnel and the diverse communities of the City of Minneapolis. The CSO is a civilian position which has the possibility of promotion to a full time Police Officer position."

Salary:

- \$17.72 per hour, plus tuition! Salary current through July 1, 2018.
- \$18.85 per hour effective July 1, 2018
- \$19.13 per hour effective January 1, 2019

PARK POLICE - MRPB ¹⁸

Minneapolis Parks:

- 17.1 million visitors per year
- 6,817 acres of parkland
- 180 park properties
- 55 miles of parkways

Authorized Force – 35 Licensed Peace Officers Current Force:

Chief	–	1
Lts.	–	2
Patrol Sgts.	–	6
Inv. Sgts.	–	2
Patrol Off.	–	19
		30

(1 vacancy and 4 in academy)

- Two shifts covering 7:00am to 1:00am, 7 days a week

530.260 CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN

Site plans shall employ best practices to increase natural surveillance and visibility, to control and guide movement on the site, and to distinguish between public and non-public spaces. Site plans shall include the following *crime prevention* design elements:

- (1) *Natural surveillance and visibility.* Design the site, landscaping, and buildings to promote natural observation and maximize the opportunities for people to observe adjacent spaces and public sidewalks.
- (2) *Lighting levels.* Provide lighting on site, at all building entrances, and along walkways that maintains a minimum acceptable level of security while not creating glare or excessive lighting of the site.
- (3) *Territorial reinforcement and space delineation.* Locate landscaping, sidewalks, lighting, fencing and building features to clearly guide pedestrian movement on or through the site and to control and restrict people to appropriate locations.
- (4) *Natural access control.* Locate entrances, exits, signs, fencing, landscaping, and lighting to distinguish between public and private areas, control access, and to guide people coming to and going from the site.

(2005-Or-038, § 30, 4-29-05)

PUBLIC REALM AND NEIGHBORHOOD LAND USE COMMITTEES

- ✗ Important public spaces around, between and within buildings that are publicly accessible, including streets, squares, parks and open spaces
- ✗ These areas and settings support or facilitate public life and social interaction.

Council Member Jacob Frey proposes boosting police presence in downtown Minneapolis¹⁷

Sept 29, 2017

"The 17-point 'Eight-and-a-half block plan to combat downtown crime' focuses on the center of downtown. It outlines ideas for directing more law enforcement resources toward downtown safety, including putting more officers on smaller beats, better enforcing truancy and curfew laws, increasing surveillance and focusing downtown Community Response Team officers on street crimes and gang activities.

The plan also includes ideas for changes to the downtown environment, from converting vacant lots into green space to adding more lighting to staggering bar close times."

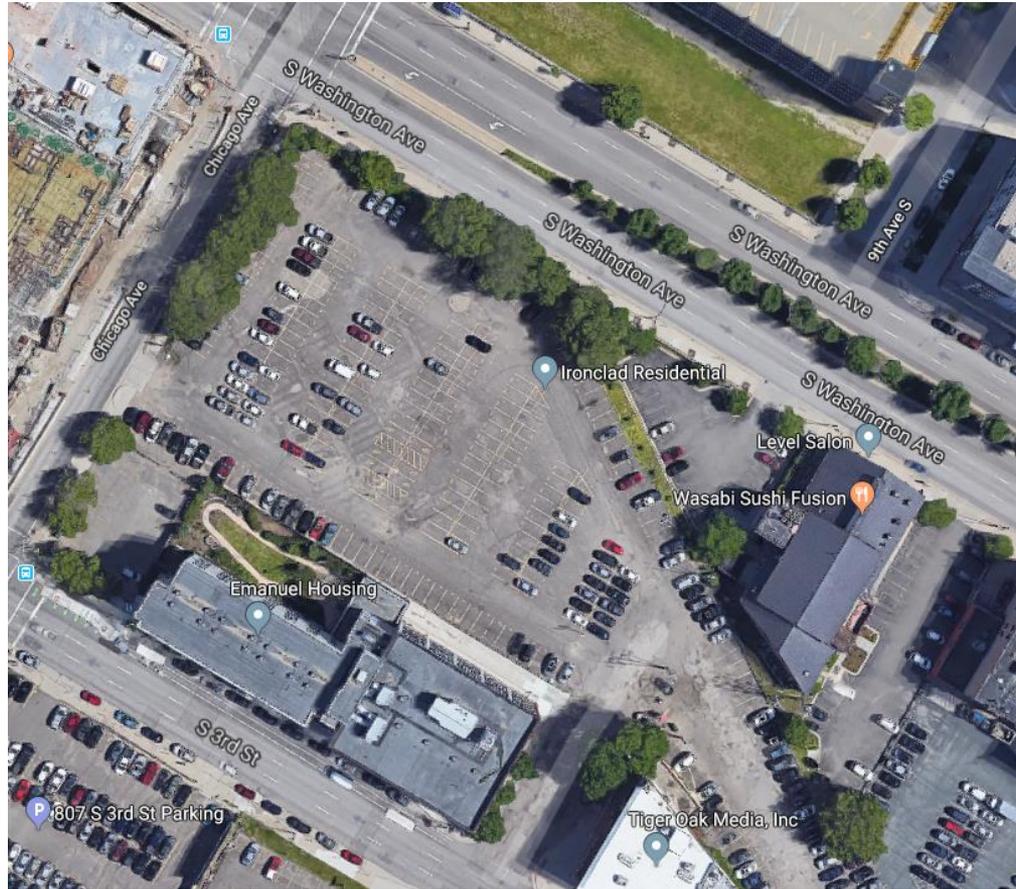

"The significant uptick in violent crime, and specifically shootings, necessitates a real, concrete and specified plan," Frey said."

DMNA – LAND USE COMMITTEE (LUC)

- ✗ Neighborhood organizations should work with the local community, city staff and developers on public realm and public safety issues.
- ✗ Our LUC leads the way in public realm issues.
- ✗ Our LUC's highest priority is to promote "safe, active, and welcoming public realm" by reviewing and responding to proposed development projects.
- ✗ Kevin Frazell, Randy Manthey, and Tom Schmid have worked countless of hours on land use and public realm issues. They and the rest of the LUC have accomplished great changes to downtown projects.
- ✗ Prime example: the Ironclad project on Washington and Chicago Aves. near Sanctuary restaurant and Emanuel Housing.
 - ✗ Public safety concerns: public drinking and drug usage, spent syringes, insufficient lighting, and garbage.
 - ✗ Working with CM Fletcher, CPED, and the developer to close the ends of the passage way in order to stop the criminal and/or unsafe activity.
- ✗ Other examples:
 - ✗ 800 Washington Ave. project – safety concerns with open spaces between the building and Riverfront parking ramp.
 - ✗ Rockler Fur building/Beacon House project, housing for individuals with chemical dependency

CAN 30,000 CAMERAS HELP FIX CHICAGO'S CRIME PROBLEM? ¹⁴

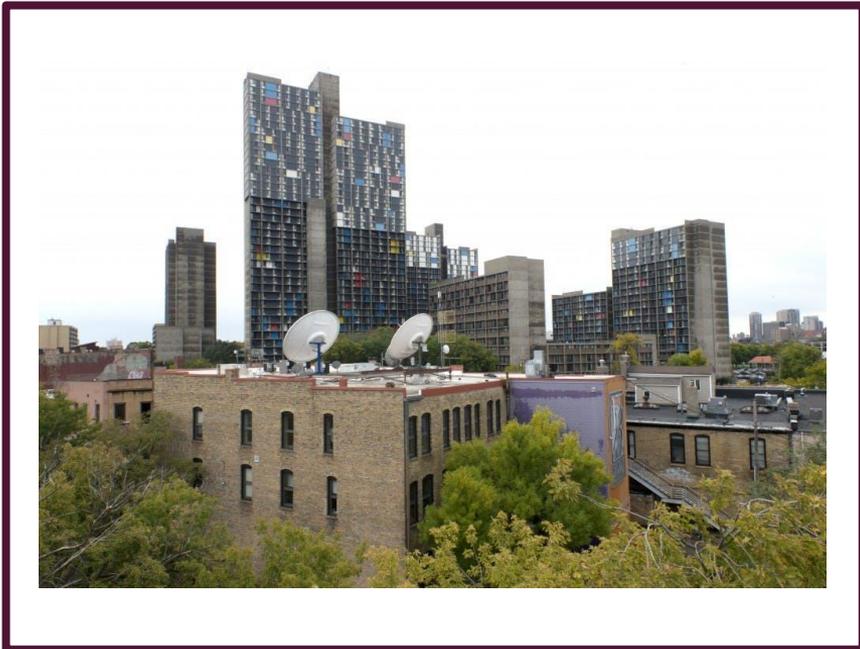

MAY 26, 2018

“Major European cities, including London, which may be the most surveilled city in the world, have long had networks of linked cameras. Now, in the United States, the technology race is on. Linked cameras are becoming commonplace in cities like New York and Baltimore. The Louisville police are considering using drones to respond to gunshots, and places like Orlando, Fla., and Washington County, Ore., are testing facial recognition software.”

“The police are calling Englewood, a poor, largely African-American neighborhood on the city’s South Side, a success story: Shootings are down by 52 percent compared with last year. Since the equipment was introduced in February 2017, the neighborhood has led the city in reduction of violent crime, the police say.”

RECENT CRIME AND BUILDING SECURITY SPARK CONCERN IN CEDAR-RIVERSIDE¹⁵

MAY 2, 2019

“The Riverside Plaza apartments are owned by real estate developer Sherman Associates and currently house more than 4,000 residents. In late 2018, the owners improved their surveillance camera system to beef up security. Residents hope recent security upgrades to Riverside Plaza, the most densely populated buildings in the neighborhood, will deter criminal activity from outsiders.”

“The addition of new security cameras in Riverside Plaza brings the total to almost 200, said Minneapolis Police Department Lt. Nick Torborg at a monthly safety meeting on April 2 attended by MPD and Metro Transit Police officials.”

“The Cedar High Apartments across the street, owned by the Minneapolis Public Housing Authority, received an \$825,000 upgrade last year after residents requested more security. Announced by City of Minneapolis officials in May 2018, the extra security measures included 17 new cameras and six-foot-tall perimeter fencing.”

MINNEAPOLIS APARTMENT COMPLEX TO GET \$825,000 SECURITY UPGRADE¹⁶

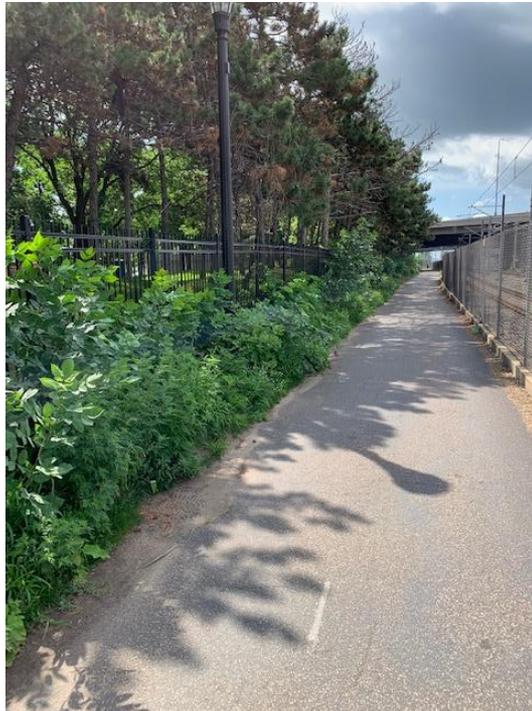

MAY 8, 2018

Cedar High Apartments

“The project, which will be funded through the housing authority, came in response to years of concerns from residents who say it’s been too easy for intruders to enter their community and hurt or steal from them.”

“Several residents expressed concerns that the complex has been open to unwanted guests who want to prey on its large population of elderly people. One man said his car has been broken into repeatedly in the parking lot, including last week, and asked the city to provide better security while it’s constructing the updates. Another said the scariest part of her day is walking to the nearby light rail.”
