Please describe your experience with nonprofit organizations and/or boards, plus list any previous experience volunteering with the DMNA.

I was a HR consultant and worked with both for profit and not for profit boards specializing in compensation and Hr policy. I was a company chairperson for Medtronic for the American Heart Association. I have volunteered at Anderson Elementary and Pax Christi Catholic Church. And not recently participated in the clean up of Lake street after the social unrest after George Floyd's death.

**Q4**

Why do you want to join the DMNA Board?

The main reason is I want to get active in my community. I moved downtown a little over 2 years ago and feel I now have time and energy to give to this. I see what a divided world we are living in and would like to be a part of organization that builds up the community - both the personal and business side. I believe my consulting and process skills would be a good fit to be on the Board. I see the good works of this Board from Pam and it is something I would love to be a part of. Building a strong Downtown community is important to me and joining the Board would put thought into action. Thank you for your consideration of my application.
